ABOUT US

Lawton Hanover (PMC), formerly Penn-Mar Castings, supplies quality ductile iron and gray iron castings to industries worldwide—on time and to spec. Our team in Hanover, PA, brings decades of foundry experience, so you can be confident we'll meet or exceed your expectations.

Lawton Hanover offers production lead times of just 3-6 weeks and has been casting parts ranging from 150 to 4,000 pounds since the 1960s. As a complete no-bake flaskless facility, we specialize in highly complex cored iron castings and have the resources and capacity to support your growing needs. We are proud to be part of The Lawton Standard family.
